# **Barnstable Golf Information Guide**

[www.Barnstablegolf.com](http://www.Barnstablegolf.com)

Thank you for your interest in the Barnstable Golf Program. The Staff has compiled this information guide to acquaint you with our facilities and to familiarize you with our program. This guide contains information regarding rules, regulations, and the requirements for purchase of player passes. Please visit our website at [www.barnstablegolf.com](http://www.barnstablegolf.com) for updated information.

Our golf courses each have their own unique characteristics and landscape, and are accessible to all levels of golfers from the beginner to the skilled player. Olde Barnstable, at 6,479 yards from the back tees, is an excellent Mark Mungeam design, easy to walk, with no two holes alike. Hyannis, stretching to 6,621 yards, features rolling hills and ponds typical of Cape Cod landscape, and is tree-lined on almost every hole. Both courses have some of the Cape's most striking golf holes.

The rules and regulations of Barnstable Golf are implemented for the safety and enjoyment of all players, and the protection of the golf courses. We hope the attached information will be helpful to you and answer many of your questions, but do not hesitate to ask our Staff for any further assistance. At the end of this guide there is a summary of how to use the online tee time system as well as some sample tee sheets that are used throughout the year. These tee sheets are a template and can be changed due to Member tournaments or outings. Please view online for final tee sheet or call either Golf Shop.

Thank you for your support of Barnstable Golf and we look forward to providing you a great golfing experience. If you have any comments and suggestions please feel free to share with the staff.

Thank you,

Barnstable Golf Staff

## **VIII. GENERAL RULES & ETIQUETTE**

---

It is our hope that everyone enjoys the facilities and services offered. In order to ensure this goal we hope you will keep in mind some basic rules of etiquette and care for the golf courses.

### **CARE OF COURSE**

For maintenance scheduling purposes the Course must be played in sequential order.

Bunkers - Before leaving a bunker, a player should carefully rake and smooth the sand.

Replace Divots / Repair Ball-Marks

Golf Carts - Under certain weather conditions additional care should be used to avoid wet areas and sharp turns, which may result in dangerous loss of control of cart. Turf is most vulnerable to damage at these times and can be costly to repair.

Two cart limit per group, or if a two-some, players must ride in the same cart.

Practice Swings - Players should avoid causing damage to the course, particularly the tees, with practice swings.

*Rangers will be instructed to remind players of violations and chronic offenders may lose their playing privileges.*

### **AUTOMATED TEE TIME GUIDELINES**

Barnstable Golf uses the Chelsea System:

- Members use their membership number to request tee times starting 7 days in advance.
- Computer will prioritize based on amount of points all players in group have accumulated.
- Emails will be sent to all players 3 days prior to play giving starting time and course.
- Tee times not previously taken, will be opened up at 8:00 pm on the night before, times are available for all players.
- When entering guests, please use your member number for guest. You may play with guests daily during any member time.

Any questions on how to set up your account in the Chelsea system can be answered at either golf course.

## **RULES & ETIQUETTE**

Back nine play is available to the First Ten 4-Somes or up to 1 1/2 Hrs. after the first Tee Time, whichever comes first.

Players may not start on the 10th Tee without permission from the Pro-shop, or the Starter. If there are players on the ninth hole, no one will be permitted to start on the 10th.

No practice on the golf course.

No Player should take a stroke until the players in front are out of range.

Each player must have a golf bag with clubs.

**NO COOLERS OR ALCOHOLIC BEVERAGES ARE ALLOWED ON THE GOLF COURSES.**

## **PACE OF PLAY**

Players should play without delay. Please play *ready golf*.

*The Barnstable Golf Rangers are instructed to observe any group that is out of position, and warn the group that they must close the gap; then, if necessary, they will instruct the group to pick up and go to the next hole. If your group has a player having a difficult time, for the enjoyment of everyone, please suggest that the player pickup after a double Par.*

### Saving Time on the Golf Course

100 strokes x 10 seconds per stroke = 15 minutes per person per round

When you make a time to tee off, be ready at that time, not just arriving at the club. When someone is teeing up, the next person to hit should be standing by the tee, ready. Don't wait in the cart until it is your turn.

After hitting a shot, get into your cart, still holding the club you just used. A great deal of time is wasted putting on the head cover and putting the club back in the bag. Take care of it the next time the cart stops or the next time you hit.

If you are the driver and would not interfere with the hitter, leave your passenger (and 2-3 clubs) and drive to your ball. If your passenger can't walk that far after hitting her shot, go back for him or her, then both go on to the next player. If the driver can walk to her ball without interfering with the hitter, leave the cart for the passenger who can then pick up the driver at her ball. We don't always have to be delivered to the ball.

If you are the passenger, reasonably near your own ball and would not be in the hitter's way, get out of the cart while the driver is getting ready to hit, take 2-3 clubs that you might want and go to your ball.

If there is the remotest chance that you might need a different club, take 2-3 clubs with you to your ball--the one you think you want and one on either side of it, or whatever you might need for an alternative shot.

Take your extra practice swings while someone else is getting ready to hit, so that you can step up and be ready to hit your shot when it's your turn.

The USGA wants us to play "ready golf" not just on the tee but through the green. Of course that doesn't mean you should rush ahead 50 yards and hit, but if there isn't much difference in who's away, go ahead and hit if you are ready even if you are not the away ball.

When you have a pitch over a bunker to the green, take your sand wedge with you, "just in case." If you are in a bunker, take whatever club you might need, "just in case" you don't get on the green.

Unless you will be in someone's way, study your own putt while the away balls are putting. If you will be in someone's way and you can't stand behind your ball to line it up, look at the slope and angle from where you are standing. DON'T wait until it's your turn to begin thinking about your putt.

The first person to putt out should go to the flag, pick it up--without disturbing the putting--and be prepared to put it back in the hole when the last person has putted out.

If you come to the green with several clubs, either lay them by the flag when it is removed or on the edge of the green where you will see them when you leave. Each person should look back at the green when leaving to see that no clubs have been left on the green.

Walk quickly from the green to your cart or the next tee, and write your scores at the next tee. Consider having the passenger write the scores while the driver is going to the next tee. If the driver is keeping score and is the first to hit on the next tee, hit the drive, then go back to the cart and write the score while the others are hitting their drives.

Carts and bags should always be left in a place that does not require you to walk back. Leave them where you can move to the next tee without retracing your steps and causing the group behind to wait for you to backtrack before they can hit.

Set your pace by the group ahead, not the group behind.

**IF YOU KEEP UP WITH THE GROUP AHEAD OF YOU, YOU WON'T NEED TO WORRY ABOUT THE ONES BEHIND YOU.**

Efficient play makes the game more fun for everyone

## Handicapped Flag Policy

Barnstable Golf Courses welcomes all Annual Fee Players (AFP) and guests, including those who may be disabled and require special accommodations. These special accommodations may include, but are not limited to the issuance of a “Handicapped Flag” to be displayed on their golf cart. Such “Handicapped Flag” shall allow the person to whom the flag was issued, additional flexibility in maneuvering their golf cart on our golf course while at the same time ensuring the protection of the course.

The Barnstable Golf has established a policy for AFP and guests, who wish to request such “Handicapped Flag” for display on their golf cart. The following information or documentation must be presented at the Pro Shop prior to being issued a “Handicapped Flag.” In the case of an AFP (or guest who may play on a regular basis), this information will allow his/her name to be placed on a list thereby eliminating the need to show documentation each time he or she plays.

A valid handicapped placard issued in the name of the AFP or guest by Registry of Motor Vehicles of any state will allow the player to be issued a handicapped flag.

If you would like to request use of a golf cart, and do not have the above documentation you must provide medical documentation to the Golf Course Management for evaluation. The documentation should include the following:

- a) Name of licensed physician
- b) Documentation of disability must be written on the physician's official letterhead, with the physician's license number.
- c) Diagnosis and expected duration of condition

Cart use by persons with disabilities is in effect from April 1<sup>st</sup> through November 30th.

Cart use from December 1 through March 31 will be at the discretion of the manager on duty.

If the golf course is open and the “No Cart Policy” is in effect, exceptions will be made with the following in mind:

- a) Verification of disability upon cart request
- b) Inclement weather
- c) Safety concerns
- d) Availability of carts
- e) Turf integrity

The Management of Barnstable Golf has the right to allow the use of a “Handicapped Flag” to any person to whom they believe needs special consideration. This special consideration is on an as needed basis and shall require Management’s authority each time such a request is made.

AFP or guests who have received a “Handicapped Flag” may drive their carts no closer than 30 yards from any tee or green. If for any reason, a player needs closer access to the tees or greens, authorization may be given on a case by case basis as determined by Management.

If it becomes necessary to restrict cart usage, only AFP and guests covered in above, will be permitted to use golf carts. Those permitted to use carts shall be restricted to cart paths, rough, and high ground areas. It shall be the player’s responsibility to ensure that golf carts do not cause damage to golf course.

Management has the right to limit cart use if it will negatively impact the golf course.

Annual Pass Handicap cart rate is only for Pass holders who have a valid handicap placard.
